# Pre-Leave Coverage List

How to take a vacation without your files falling apart

For high-producing Florida Realtors who already have a team and still need the work moving while they're away.

*You shouldn't have to choose between being present with your family and having a dependable business.*

| | | | |
|---|---|---|---|
| **H Honor** Your reputation doesn't take the hit because you chose family | **O Order** One item, one owner, one next step | **M Mastery** Status versus decision stays clear | **E Ease** Your phone isn't the operating system while you're away |

## THE FIVE LINES

### 1 Loudest lane while I'm gone

☐ Files ☐ Listings ☐ Offers *(licensed teammate only)* ☐ Showings *(licensed teammate only)* ☐ Clients

Hometown TC can support files, listings, and client coordination. Offers and showings stay with a licensed teammate. HTC never covers licensed work.

### 2 Named owner for detail work

Name: _____

Emergency-only reach: _____

If offers or showings are the loudest lane, name a licensed teammate. Hometown TC can be named for file, listing-administration, and client-coordination details only.

### 3 What escalates to me *(decisions only)*

1. _____
2. _____
3. _____

### 4 Client boundary sentence I'll send before I leave

" _____ "

_____

### 5 The one deal or lead that must keep moving so January still pays

_____

## REMINDER

### Close More. Carry Less.

**You keep control. We carry the details.**
You keep advice, negotiation, and client relationships. Coverage carries the administrative details — not licensed work.
**Protect the agent. Protect the broker. Protect the client.**

Hometown TC provides transaction coordination and real estate support. We are not licensed real estate agents and do not provide licensed services. Licensed activities and fiduciary duties stay with the licensee — the agent and the broker.
